## § 600.13

available from U.S. Department of Energy, Federal Energy Technology Center, Attn: Unsolicited Proposal Manager, Post Office Box 10940, Pittsburgh, PA, 15236-0940.

(c) *Contents of an application.* In general, a financial assistance application shall include:

(1) A facesheet containing basic identifying information. The facesheet shall be the Standard Form (SF) 424 or other approved DOE application form;

(2) A detailed narrative description of the proposed project, including the objectives of the project and the applicant's plan for carrying it out;

(3) A budget with supporting justification; and

(4) Any required preaward assurances.

(d) *Incomplete applications.* DOE may return an application that:

(1) Is not signed, either in writing or electronically, by an official authorized to bind the applicant; or

(2) Omits any information or documentation required by statute, program rule, or the solicitation, if the nature of the omission precludes review of the application.

(e) *Supplemental information.* During the review of a complete application, DOE may request the submission of additional information only if the information is essential to evaluate the application.

[61 FR 7166, Feb. 26, 1996, as amended at 64 FR 56420, Oct. 20, 1999; 69 FR 7867, Feb. 20, 2004]

### § 600.11 Intergovernmental review.

Intergovernmental review of DOE financial assistance shall be conducted in accordance with 10 CFR part 1005.

### § 600.12 Generally applicable requirements.

(a) Except as expressly exempted by Federal statute or program rule, recipients and subrecipients of DOE financial assistance shall comply with all generally applicable requirements to which they are subject. Generally applicable requirements include, but are not limited to, the requirements of this part, Federal statutes, the OMB Circulars and other Governmentwide guidance implemented by this part, Execu-

tive Orders, and the requirements identified in appendix A of this part.

(b) Provisions shall be made to design and construct all buildings, in which DOE funds are used, to meet appropriate seismic design and construction standards. Seismic codes and standards meeting or exceeding the provisions of each of the model codes listed in this paragraph are considered to be appropriate for purposes of this part. These codes provide a level of seismic safety that is substantially equivalent to the National Earthquake Hazards Reduction Program (NEHRP) Recommended Provisions for the Development of Seismic Regulations for New Buildings, 1988 Edition (Federal Emergency Management Administration 222 and 223). Revisions of these model codes that are substantially equivalent to or exceed the then current or immediately preceding edition of the NEHRP Recommended Provisions (which are updated triennially) shall be considered to be appropriate standards. The model codes are as follows:

(1) 1991 Uniform Building Code, of the International Council of Building Officials,

(2) 1992 Supplement to the National Building Code, of the Building Official and Code Administrators International.

(3) 1992 Amendments to the Standard Building Code, of the Southern Building Code Congress International.

### § 600.13 Merit review.

(a) It is the policy of DOE that discretionary financial assistance be awarded through a merit-based selection process. A merit review means a thorough, consistent, and objective examination of applications based on pre-established criteria by persons who are independent of those submitting the applications and who are knowledgeable in the field of endeavor for which support is requested.

(b) Each program office must establish a merit review system covering the financial assistance programs it administers. Merit review of financial assistance applications is intended to be advisory and is not intended to replace the authority of the project/program

### § 600.15 Authorized uses of information.

(a) *General.* Information contained in applications shall be used only for evaluation purposes unless such information is generally available to the public or is already the property of the Government. The Trade Secrets Act, 18 U.S.C. 1905, prohibits the unauthorized disclosure by Federal employees of trade secret and confidential business information.

(b) *Treatment of application information.* (1) An application may include technical data and other data, including trade secrets and/or privileged or confidential commercial or financial information, which the applicant does not want disclosed to the public or used by the Government for any purpose other than application evaluation. To protect such data, the applicant should specifically identify each page including each line or paragraph thereof containing the data to be protected and mark the cover sheet of the application with the following Notice as well as referring to the Notice on each page to which the Notice applies:

#### Notice of Restriction on Disclosure and Use of Data

The data contained in pages \_\_\_\_\_ of this application have been submitted in confidence and contain trade secrets or proprietary information, and such data shall be used or disclosed only for evaluation purposes, provided that if this applicant receives an award as a result of or in connection with the submission of this application, DOE shall have the right to use or disclose the data herein to the extent provided in the award. This restriction does not limit the Government's right to use or disclose data obtained without restriction from any source, including the applicant.

(2) Unless a solicitation specifies otherwise, DOE shall not refuse to consider an application solely on the basis that the application is restrictively marked.

(3) Data (or abstracts of data) marked with the Notice under paragraph (b)(1) of this section shall be retained in confidence and used by DOE or its designated representatives as

## 10 CFR Ch. II (1–1–06 Edition)

specified in § 600.13 solely for the purpose of evaluating the proposal. The data so marked shall not be disclosed or used for any other purpose except to the extent provided in any resulting award, or to the extent required by law, including the Freedom of Information Act (5 U.S.C. 552) (10 CFR part 1004). The Government shall not be liable for disclosure or use of unmarked data and may use or disclose such data for any purpose.

### § 600.16 Legal authority and effect of an award.

(a) A DOE financial assistance award is valid only if it is in writing and is signed, either in writing or electronically, by a DOE Contracting Officer.

(b) DOE funds awarded under a grant or cooperative agreement shall be obligated as of the date the DOE Contracting Officer signs the award; however, the recipient is not authorized to incur costs under an award prior to the beginning date of the budget period shown in the award except as may be authorized in accordance with §§ 600.125(e) or 600.230 of this part. The duration of the DOE financial obligation shall not extend beyond the expiration date of the budget period shown in the award unless authorized by a DOE Contracting Officer by means of a continuation or renewal award or other extension of the budget period.

EFFECTIVE DATE NOTE: At 70 FR 69254, Nov. 15, 2005, § 600.16(b) was amended, effective Mar. 15, 2006, as follows:

a. The first sentence is amended by removing “grant or cooperative agreement” and adding “grant, cooperative agreement, or technology investment agreement” in lieu thereof.

b. The first sentence is amended by removing “§§ 600.125(e) or 600.230 of this part” and adding “§§ 600.125(e), 600.230, 600.317(b), or 603.830” in lieu thereof, effective Mar. 15, 2006.

### § 600.17 Contents of award.

Each financial assistance award shall be made on a Notice of Financial Assistance Award (DOE F 4600.1) which contains basic identifying and funding information together with attachments including a budget, any special terms
